

DELL Technologies

Purpose Built for Power Users

Precision 3490

Work anywhere with a small, powerful workstation.

An ultra-mobile workstation that is great for multi-tasking across collaboration, business, and office applications.

Intelligent performance

Intel Core Ultra processors, 15W or 28W, up to 16 cores with vPro Enterprise options featuring integrated Intel Arc graphics and AI Boost technology. Up to NVIDIA RTX 500 Ada Gen graphics.

Memory & Storage:
Up to 64GB of 5600 MT/s DDR5 memory for all processors Up to 2TB Gen4 M.2 SSD

Advanced thermal management,

with Dual Opposing Output (DOO) fan and User Selectable Thermal Tables

Up to FHD HDR IR camera with AI-based proximity sensors, Manual Privacy Shutter, Fast sign-in intelligent noise microphone.

Reliability

ISV Certified
MIL STD tested
Long Lifecycle Battery options

FHD, 100% sRGB, 400nits,

Touch Panels Available
Premier Color, ComfortView Plus, Low-Blue-Light (LBL), Super Low Power (SLP) options available

Optional Finger Reader

integrated with power button Windows Hello capable

Spill-proof Pro2 keyboard with backlit option

Titan Gray palm rest

4G LTE, 5G FirstNet Certified

WiFi 6E, 4G LTE, 5G LTE with FirstNet Certification, Bluetooth 5.3

Large glass-like, multi-touch clickpad

Industry's most secure commercial PCs¹

Only Dell offers off-host BIOS verification and Indicators of Attack to reduce exposure to future threats. Secured Component Verification, offered only by Dell, helps ensure PCs are secure from factory to first boot. Dell and Intel reduce the attack surface. The latest Intel vPro-based PCs provide an estimated 70% attack surface reduction.²

Starting weight is 3.06lbs/ 1.39kg

Up to 130W Type-C adapter
Up to 3-cell 54Whr battery

Simplified PC Updates

Get the latest BIOS, drivers and firmware versions, validated and delivered seamlessly from Dell.

Sustainability

This workstation has achieved the EPEAT Gold Climate+ designation, meeting industry best practices for decarbonization.³ This year, this workstation will ship with 50% recycled cobalt in battery.⁴

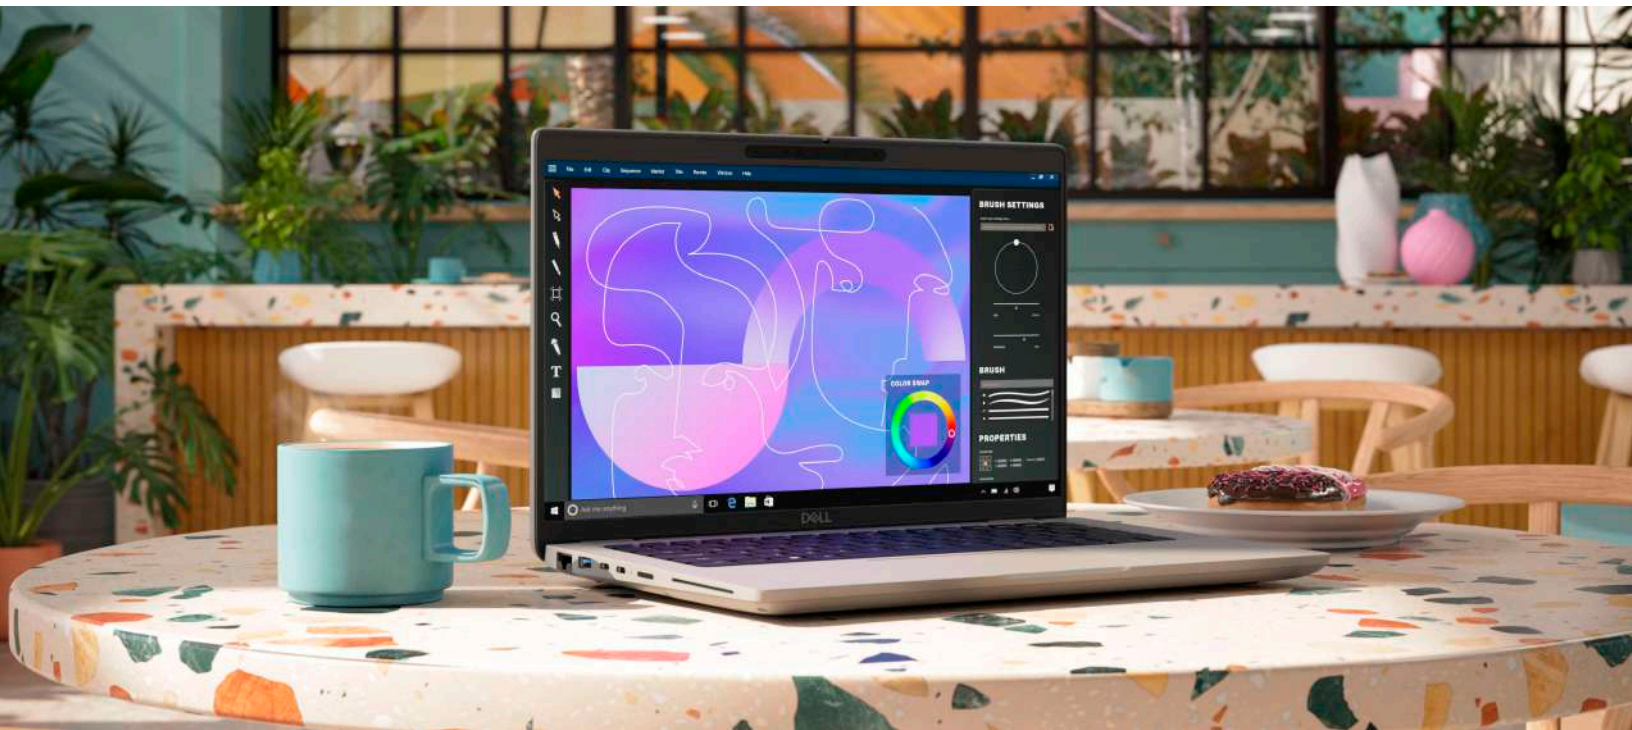

[Click here](#) to see the 360 degree view of the Precision 3490

¹Based on Dell internal analysis, September 2023. Applicable to PCs on Intel processors. Not all features available with all PCs. Additional purchase required for some features.

²The latest Intel vPro based PCs provide an estimated 70% attack surface reduction compared to four-year-old devices. Based on IOActive's "Intel vPro 13th Gen Attack Surface Study" published March 2023 (commissioned by Intel), which evaluates Intel vPro devices powered by 13th Gen Intel Core processors against four-year-old Intel-based PCs on Windows OS. Details at www.intel.com/performance-vpro. Results may vary.

³Based on internal analysis, January 2024. Based on EPEAT Climate+ Designations achieved in all applicable countries. EPEAT registered where applicable. EPEAT registration varies by country. See www.epeat.net for registration status and tier levels.

⁴Based on internal analysis, January 2024. Shipping timelines may vary based on region and laptop configuration

Intelligent performance

This thin and light, cost-effective workstation packs intelligent performance, based on the new Intel® Core™ Ultra processors that feature fast, integrated Intel® Arc graphics and AI Accelerators featuring NPU for Intel® AI Boost with vPro options and Copilot in Windows 11 - taking advantage of advancing AI technologies to improve user productivity across business and industry applications. The latest technologies from Intel, Microsoft and NVIDIA provide new levels of performance for growing world of AI.

Immersive productivity and design

This 14" workstation delivers an exceptional user experience. Jumpstart your workflow with the **Copilot Hardware Key**, which provides quick access to the tools you need to start your workday. Revolutionize your meetings with **Windows Studio Effects**. Keep your audience engaged with **video auto-framing** and maintain eye contact effortlessly, even while referencing your notes, thanks to **AI-eye tracking technology**. Elevate your experience with AI-powered tools from Windows 11. Easily make use of the **Snipping Tool**, **voice access**, and **smart recommendations** within File Explorer and your Start menu.

Mission critical reliability and security

All Dell Precision workstations are tested and certified by independent software vendors to ensure reliability performance. Secure your workstation in our hybrid world with the industry's most secure commercial PCs* with built-in features that our competitors cannot match. Plus, they are MIL STD tested. Be secure in the office or on the road with features like an optional Smart Card Reader, optional Fingerprint Reader, and HDR IR Camera with proximity sensor. Layer on advanced threat protection with industry-leading partner software. Windows Hello and proximity sensor. Layer on advanced threat protection with industry-leading partner software. Truly embrace hybrid work with secure and reliable 4G and 5G connectivity.

*Based on Dell internal analysis, September 2023. Applicable to PCs on Intel processors. Not all features available with all PCs. Additional purchase required for some features

Simplify IT

Our most secure¹ and most manageable⁴ offerings make IT management a breeze

World's Most Secure Commercial PCs¹

According to Principled Technologies, no PC manufacturer offers the BIOS-level visibility Dell does.

SECURITY

Improve fleet-wide security with multiple layers of defense.

Reduce the attack surface and enhance long-term cyber resilience with [Dell Trusted Workspace](#)

Be secure from first boot with rigorous supply chain controls.

Maintain BIOS integrity with deep, firmware-level visibility.

Protect end-user identity from malware that looks to steal credentials.

Enrich OS-level data with PC telemetry to speed detection, response and remediation.

Layer on advanced threat protection from our ecosystem of best-of-breed software partners.

Shrink the IT-security gap with an integrated, AI-enabled solution

Explore hardware-assisted security with Dell, Intel & CrowdStrike.

[Learn More >](#)

MANAGEABILITY

Manage your fleet of PCs - reliably and easily

Help secure and optimize your endpoints and deliver end-user productivity with [Dell Manageability Solutions](#)

With [Dell Management Portal](#), you can manage Dell PCs, over the cloud, in conjunction with Microsoft Intune. [Learn more >](#)

[Dell Trusted Update Experience](#) makes it simple to update endpoints with the latest BIOS, driver, and firmware versions. Dell is the only Top-5 PC vendor that:

Publishes² a device drivers and downloads release schedule:

IT Admins can deploy fleet-wide device updates on a predictable timeline.

Performs³ integrated validation of all driver and BIOS modules in an update:

IT Admins can expect a trusted, system compatible update deployment, across a fleet of devices.

[Learn More >](#)

Dell has the industry's first:⁵

Partner Portal accessible in Microsoft Intune, with fleet-wide BIOS password access capability and Enterprise application access and publication capabilities

Binary Large Object (BLOB) package-based solution, for endpoint BIOS settings configuration, using Microsoft Intune

Hardware OEM systems management solution to integrate with Intel vPro

Mobile Workstation Solution

Create your ideal workspace with these recommended accessories.

As the world's #1 monitor company¹, Dell knows that the modern workplace requires more than PCs. We offer 200+ branded accessories to keep you connected and collaborative no matter your work style.

Sustainability on Dell Precision 3490

Delivering innovative technology and solutions to collectively lower our environmental impact.

Built with Sustainable Materials

Your Precision workstation is crafted with a variety of sustainable materials including post-consumer recycled plastic, ocean-bound plastic, bio-based plastic and reclaimed carbon fiber. This year, this workstation will start shipping with 50% recycled cobalt in the battery.¹ This workstation is made with 40% recycled plastic² and ships with an adapter designed with 95% post-consumer recycled plastic in the case and AC inlet and 98% recycled aluminum in the thermal shielding or heat sink.³

Environmental Certifications & Registrations

Meeting environmental standards demonstrate how our products adhere to energy-efficiency specifications and other extensive climate-related standards. This workstation is Certified ENERGY STAR[®] 8.0, TCO certified, generation 9 and EPEAT gold registered with Climate+ designation.⁶

Lifecycle Management

Dell APEX offerings and Asset Recovery Services make it easier for our customers to modernize responsibly, and reduce over-provisioning and e-waste, on schedule and within budget. Dell makes it easy to access and replace parts to get the most life out of our products.

[Learn more>](#)

Low-impact Packaging

Your Precision 3490 workstation ships in packaging made with 100% recycled or renewable content, that is also 100% recyclable.⁴ It is eligible for multipack to reduce packaging and transportation waste.⁵

See how we are reducing the impact of our products and solutions [Dell.com/Sustainable-Devices](https://www.dell.com/Sustainable-Devices)

¹Based on internal analysis, January 2024.
Recycled cobalt: Shipping timelines may vary based on region and laptop configuration
Recycled plastic: 30% in LCD cover lid, 30% in LCD antenna window, 50% in LCD bezel, 50% in palm-rest, 50% in inner frame, 30% in bottom door, 35% in battery filler, 50% in battery housing, 30% in speaker enclosure, 28% ocean bound plastic in fan housing, 21% bio-based plastic in LCD cover lid, 21% bio-based plastic in bottom door, 42% bio-based plastic in the feet at the bottom of the device
Reclaimed carbon fiber including 20% in the lid and 20% in the bottom door, 50% recycled cobalt in laptop battery
²Based on internal analysis, February 2024. Percentage is based on system plastic weight
Contains 38.8% recycled content and 61.2% renewable materials. Renewable materials in the form of sustainably forested fibers. Percentages may vary slightly by region. Excludes optional items added to order and included in box. Paper packaging materials can be recycled via municipal recycling, where available. System bag is made from recycled plastic and can be recycled along with other thin plastics. See local recycling guidelines.

FEATURE	TECHNICAL SPECIFICATION	DESCRIPTION
MODEL NUMBER ¹	Precision 3490	
HARDWARE & FIRMWARE SECURITY (INCLUDED)	Dell Trusted Device	Generates insights into the security state of a platform, monitoring changes to BIOS attributes, detecting possible tampering of BIOS firmware, and more.
	Dell SafeBIOS	Verify the integrity of the BIOS with tamper detection and secure, off-host BIOS image capture.
	Dell SafeBIOS Indicators of Attack	Scan for behavior-based threats for early detection by enabling telemetry integration with popular third-party security and endpoint management solutions. Includes Microsoft Intune, Carbon Black Cloud, CrowdStrike, Splunk.
	Dell SafeBIOS Common Vulnerabilities & Exposures (CVE) Detection	Identify and address known BIOS vulnerabilities and patch devices swiftly. *Available early 2024.
HARDWARE & FIRMWARE SECURITY (OPTIONAL)	Dell SafeID	Secure end-user credentials. This unique hardware-based security solution provides a hardened and secure bank for storing and processing user credentials. Dependent on model. Credential security options may include: Secure interaction with Imprivada for authenticating credentials on multi-user devices Finger Print Reader in Power Button tied to ControlVault 3 ControlVault 3 Advanced Authentication with FIPS 140-2 Level 3 Certification Contacted Smart Card and ControlVault 3 Contactless Smart Card, NFC, and ControlVault 3 SED SSD NVMe, SSD and HDD (Opal and non-Opal) per SDL FIPS 201 Full Scan Finger Print Reader and ControlVault Trusted Platform Module (TPM) 2.0 discrete FIPS 140-2 certification for TPM
	Dell Secured Component Verification	Provides assurance that the device and its components remain secure from factory to first boot. On-device and cloud-based options available. Availability varies by region.
	Tamper-evident packaging	Detect tampering with this supply chain assurance offering. Availability varies by region.
	Hard drive wipes	Sanitize the hard drive in accordance with National Institute of Standards and Technology (NIST) guidelines with this supply chain assurance offering. Availability varies by region.
	Dell SafeShutter	Ensure user privacy with webcam shutter.
	Intel ME Verification	Verify the integrity of critical firmware using a secure off-host source. Requires Intel vPro.
	Chassis intrusion switch	Remotely detects hardware tampering and is integrated with Dell SafeBIOS Indicators of Attack.
	Kensington Security Slot™	Device locking option helps reduce the risk of a data breach. Standard slot that can be paired with a standard security cable lock. Spec varies by model: Dell Fixed Workstations (Desktops): Kensington Security Slot™ (T-bar) Dell Laptops: Kensington Security Slot™ (Wedge)
	Fingerprint reader	Fingerprint reader in Power button tied to ControlVault 3+ secures end-user credentials.
	OPAL drive / Self-encrypting drive (SED)	Hardware-based full disk encryption that protects user data without storing encryption keys in RAM where it can be accessed by malicious parties.
	SPI Flash Tamper Detection Circuit	Detects and prevents tampering with BIOS SPI flash chips on the motherboard.
SOFTWARE SECURITY (OPTIONAL)	Dell SafeGuard & Response: CrowdStrike, Carbon Black, Secureworks	Threat detection and response/remediation.
	Dell SafeData: Absolute	Self-healing for applications and networks.
	Dell SafeData: Netskope	Cloud and network data protection.
	McAfee Business Protection	Simple, automated, all-in-one security made for small businesses.

FEATURE	TECHNICAL SPECIFICATION	DESCRIPTION
SUSTAINABLE MATERIALS¹	<p>Post-consumer recycled plastic (PCR) and closed loop ITE derived plastic - chasses</p> <p>Post-consumer recycled plastic: 30% in LCD cover lid, 30% in LCD antenna window, 50% in LCD bezel, 50% in palm-rest, 50% in inner frame, 30% in bottom door, 35% in battery filler, 50% in battery housing, 30% in speaker enclosure</p> <p>Post-consumer recycled plastic (PCR) - power adapter (65-Watt): 95% in adapter case and AC inlet (100-Watt): 90% in adapter case (60-Watt): 95% in adapter case</p> <p>Recycled aluminum - power adapter (65-Watt): 98% recycled aluminum in thermal shielding</p> <p>Recycled and low emissions aluminum: N/A</p> <p>Recycled copper - power adapter (100-watt): 50% recycled copper in adapter cable</p> <p>Recycled ocean-bound plastic: 28% ocean bound plastic in fan housing</p> <p>Post-industrial recycled steel: N/A</p> <p>Bio-based plastic: 21% bio-based material in LCD cover lid, 21% bio-based material in bottom door 42% bio-based material in the feet at the bottom of the device</p> <p>Reclaimed carbon fiber: 20% in LCD cover lid; 20% in bottom door</p> <p>Recycled cobalt: 50% in battery</p> <p>Recycled or renewable packaging materials: 100% recycled, renewable and recyclable packaging</p>	<p>Post-consumer recycled plastic is plastic waste generated by households, industrial, commercial or institutions repurposed in the desktop design. Closed loop plastic is reclaimed plastic from any disposed IT product repurposed in the desktop design.</p> <p>Recycling aluminum helps divert material from landfills, where it would otherwise contribute to the growing problem of waste disposal. Aluminum is durable and does not degrade during the recycling process, making it a material that can be recycled repeatedly.</p> <p>The combination of using low emissions aluminum which is aluminum derived from a hydropower source and recycled aluminum helps reduce the carbon footprint of the material by up to 90%</p> <p>Recycling copper helps preserve finite natural resources because it reduces the need for extensive mining and extraction of copper ore that is a more energy intensive process</p> <p>Ocean-bound plastic is collected within 50km (30mi) distance of an ocean coastline or major waterway that feeds into the ocean. Using ocean-bound plastic reduces the risk of endangering marine life and ecosystem with plastic waste.</p> <p>Incorporating recycled steel helps minimize the usage of virgin material and related mining activities, while re-purposing waste that would have ended up in landfills (Available for select OptiPlex tower configurations).</p> <p>Bio-based materials that are derived from non-petroleum-based biological resources. The bio-based plastic used in the lid and door is derived from tall-oil, a byproduct in the paper making process.</p> <p>Reclaimed carbon fiber is derived from waste generated in the production of carbon fiber for the aerospace industry. It is considered to be a pre-consumer recycled material.</p> <p>Majority of recycled cobalt used in PC batteries is sourced from the EV batteries and the remainder is sourced from consumer electronics. Virgin cobalt resources are fast depleting and using recycled cobalt helps build a circular economy. Using recycled cobalt is a less energy intensive process and produces lesser waste than mining virgin cobalt</p> <p>Using recycled or renewable materials lowers waste and helps lower environmental impact. Materials may include recycled content and/or</p>
ECO-LABELS¹	<p>EPEAT Climate+^(TM) Yes</p> <p>EPEAT GOLD</p> <p>TCO Certified, Gen 9 Yes</p> <p>Energy Star 8.0 Yes</p>	<p>This is a product level designation for EPEAT-registered products which meet the industry's best climate criteria.</p> <p>Meeting globally recognized eco-label certifications for sustainable IT, our customers can trust that Dell products adhere to the highest energy-efficiency specifications and other climate-related standards.</p> <p>Product registry: https://www.epeat.net/</p> <p>TCO Certified is a leading sustainability certification for IT products, with a comprehensive system of up-to-date criteria and independent verification.</p> <p>Product registry: https://tcocertified.com/product-finder/</p> <p>Energy Star 8.0 is a specification recognizing the most energy-efficient PC's, backed by Environmental Protection Agency (US).</p>
MULTI-PACK SHIPPING¹	Dell Multi-pack: Yes	Dell Multi-pack offers a simpler, more efficient unboxing experience vs. single pack products, with less packaging waste and better pallet optimization for transportation.
ASSET RECOVERY SERVICES⁶	Asset Recovery Services: Yes	Asset Recovery Services helps our customers resell, recycle or return-to-lease legacy IT equipment in a secure and sustainable manner, while unlocking value that can be put towards future innovation.
GLOBAL COMPLIANCE	<p>US CEC MEPS</p> <p>compliant configurations available</p> <p>Australia and New Zealand MEPS</p> <p>compliant configurations available</p> <p>CEL</p> <p>WEEE</p> <p>Japan Energy Law</p> <p>South Korea E-standby</p> <p>EU RoHS</p> <p>China RoHS</p> <p>(available for all OptiPlex All-in-One configurations)</p>
